

## THREE FUNCTIONS IN ONE

# Kombi 195

## Multifunctional workstation for paint handling

Kombi 195 combines three functions in one compact unit – washing and control, paint mixing and viscosity control – saving you both time and space.

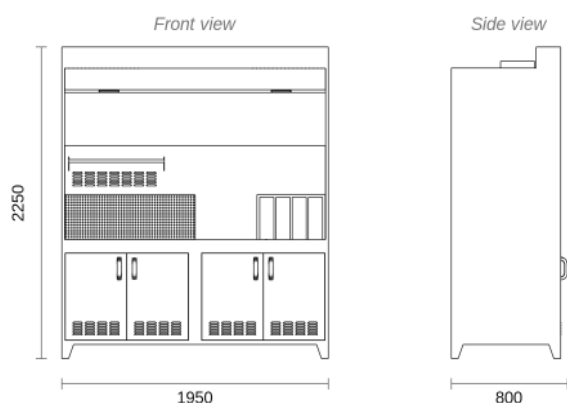

Balanced supply and exhaust air provides a safe and healthy working environment for efficient paint handling.

### KEY FEATURES

- Three functions in one unit**  
Wash sink, paint mixing and viscosity control in the same compact cabinet.
- Purpose-designed wash sink**  
12-litre capacity with a perforated base plate that keeps the gun clear of sediment.
- Efficient drainage & emptying**  
Sloping surface and lid minimise spillage; the liquid is easily drained via a tap.

- Protection against paint mist**  
Exhaust filters in the rear wall and top prevent paint mist from reaching the fan blade.
- Complete standard equipment**  
Supplied with air regulator and wash gun as standard.
- Robust & Swedish-made**  
Built from robust materials for long-term use.

### DIMENSIONS

### TECHNICAL SPECIFICATION

|                         |                      |
|-------------------------|----------------------|
| Article number          | 2-3195R              |
| Material                | Galvanised steel     |
| Size (W×D×H)            | 1950 × 800 × 2250 mm |
| Exhaust air requirement | 4100 m³/h            |
| Exhaust air, dimension  | 2 × Ø250 mm          |
| Supply air requirement  | 700 m³/h             |
| Supply air, dimension   | 2 × Ø160 mm          |
| Recommended luminaire   | 2 × 36 W             |
| Weight approx.          | 300 kg               |
| Accessories             | LED light fitting    |
