

SAFE ISOCYANATE HANDLING

Mix 195

Efficient paint mixing and storage

Mix 195 is a ventilated mixing cabinet for professional paint handling – purpose-designed for efficient paint mixing and safe storage, including isocyanate-containing products.

Ventilated lower cabinets and a workbench with a front supply-air box provide optimal air circulation and a clean, fresh working environment.

KEY FEATURES

- 1 **Ventilated workbench**

Ventilated lower cabinets and bench ensure optimal air circulation and minimise harmful vapours.
- 2 **Front supply-air box**

Delivers clean, fresh air directly at the workstation for a healthy working environment.
- 3 **Safe isocyanate handling**

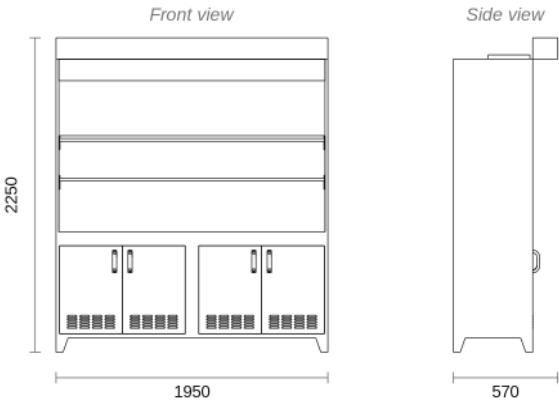

Meets the requirements for safe handling of isocyanates and solvents.
- 4 **Largest working surface**

1950 mm wide – maximum area for mixing and storage.
- 5 **Space for LED luminaire**

Prepared for built-in lighting – optimal light for precision mixing (accessory).
- 6 **Swedish-made quality**

Robust materials for long-term use. Made in Sweden.
